

April 3, 2019

The following is the policy for use of fields on weeknights during the season when they are not used for game play:

On weeknights, unless otherwise noted, during the FSCL season (which is the 3rd Monday in April through June 30) any field not being used for league play MUST be rented to be used for practice. This applies for ANY team, FSLC or other. The fee is \$35 for 90 minutes and no lights will be used. Rental fee must be paid PRIOR to use. FSCL reserves the right to cancel rentals if the field or fields are needed for league play. Rentals must be documented with the league secretary.

The reason for this policy is to prevent issues with multiple teams trying to be 1st in line to get an open field. With league teams playing 16-22 games it is usually non-league teams wanting practice space. Open spots are limited to mainly Wednesday evenings, although a few other open spots do exist. This policy has been in effect for several years, and field availability varies year to year depending on league game schedules.

Thanks,

Brent Lewis
FSCL Treasurer
